State of Business 2018

The 'State of Business' report covers a wide spectrum of business sectors. It has been prepared exclusively for members of the **LEADERSCLUB** by Lebanon Opportunities.

Each chapter is concise and full of information. The data is presented in a summary format illustrated by infographics which makes it easy to read and understand. All the main indicators for each sector are featured in order to give a general grasp of the state of the market.

Alongside the statistics, each chapter includes the latest developments and projects in the private and public sectors presented in a clear, approachable manner. The report also includes the major governmental decisions taken during the covered period. The report contains both macro and micro information, giving readers a total overview of all sectors.

The report also allows readers to access the latest reports and statistics on databank.com.lb, which is InfoPro's rich database that covers every sector and the economy at large.

The data and information in this report has been compiled from a variety of official sources, international organizations, and proprietary information obtained directly from the market by **InfoPro Research**.

This report will be updated periodically and enhanced as per suggestions received from our club members.
